This route starts and ends in Casablanca, the most cosmopolitan and western city of Morocco for those who want to visit the King Hassan II Mosque and the old Medina ... From here we will go to the true city of entertainment in Morocco. In the center of Marrakech we find the square, Djemaa el Fna, which is the point of operation for artists. Marrakech, with the jutting peaks of the Atlas stretching out behind the city, has hot, humid summers and white, snowy winters. Marrakechis are known for their warmth and sociability, their humor and honesty.

The third city to visit is Essaouira, known as the windy city of Morocco. A combination of spectacular beaches, a great ocean and almost constant tropical trade winds has changed this city from a working port to one of the best places in the world for windsurfing, kiteboarding and other exhilarating water sports. The city has a double heritage and this can be seen in the mighty walls that surround this old Moroccan commercial center.

The last place to enjoy this tour is the charming resort town of Oualidia, which stretches around a beautiful crescent-shaped lagoon lined with golden sands and protected from the wild surf by a rocky breakwater. With a good selection of accommodation and excellent fish restaurants (the city is particularly famous for its oysters). That back to Casablanca for the return home.

Upon arrival in Casablanca you can check into a comfortable "Ocean Park Appart Hotel" in the building where our office is located. There is everything you need nearby. Within walking distance is the coast of the Atlantic Ocean and the famous Ain Diab beach. And also, the Harley Davidson store, the Mall of Morocco, restaurants and cafes, including McDonald's, Sturbucks and Carrefour and Marjane supermarkets.
