Tour duration: 7 days / 6 nights, including 4 days of enduro riding.

This is a unique experience to become familiar with the landscapes and culture of Colombia and its off-road paths.

It is a wonderful journey on Enduro motorcycles that reaches the most magical and unexplored places in Colombia.

You will discover its wonderful geography, infinite and imposing green mountains that constantly change their vegetation.

Rivers and canyons will be part of this journey.

Due to its topography and being immersed in the Andes mountain range, the landscapes, climates, and cultures of Colombia vary drastically in just a few kilometers. Riding on off-road paths becomes more than just a regular motorcycle riding experience; it becomes a unique and unforgettable adventure.

The Caribbean coast of Colombia is full of folklore, music, native and Afro-American cultures, as well as beautiful landscapes such as the Guajira Desert, the Sierra Nevada de Santa Marta (the highest mountain in the world at sea level), Tayrona National Park, the open blue sea and coral reefs of the Rosario Islands, just an hour away from the beautiful city of Cartagena.

The security level in Colombia has evolved positively in the last two decades. With the signing of the peace treaty in early 2017, peace was formally restored in the country, and Colombians are extremely proud of it. The kindness and warmth of the locals are what surprises visitors the most. The smile is the strategy that Colombians use to show the best of themselves and their country.

The heart of the famous Colombian coffee is located in the Coffee Triangle, a region composed of three Departments: Quindío, Risaralda, and Caldas. The old and beautiful haciendas, in the middle of coffee plantations, have been transformed into boutique hotels. The coffee region offers tourists the possibility of understanding the tradition of planting and producing coffee, contemplating with amazement the large coffee plantations, and enjoying national coffee theme parks.
