Welcome to the pearl of the Caribbean, Cuba is undoubtedly one of the most complete and interesting countries in the entire American continent where we can travel on a motorcycle. In addition to its paradisiacal beaches, culture and hospitality, Cuba offers a network of secondary roads to tour step by step.

We propose you a self drive motorcycle tour with 7 hotel nights on a Piaggio MP3 300 at an exceptional price.

Our local team in La Habana will be waiting for you, at José Martí International airport to transfer you to your hotel. The next morning we will pick you up from your accommodation to deliver the motorcycle. We propose a list of attractions along a 5-day long motorcycle tour from north to south from La Habana to the colonial city of Trinidad, with a stop at the Varadero Beaches to end again in La Habana

For this Cuba Motorcycle Tour, "La Perla del Caribe", Rentalmotorbike offers you a selection of 4-star hotels and routes. Over more than 1,000 kilometers you will get to know the best of Cuba from north to south, crossing the Sierra de Guamuahaya, located in the central area of the country Cienfuegos, Sancti Spíritus and Villa Clara and is made up of the Sierra del Escambray and Sierra de Trinidad , with a total extension of about 4500 km<sup>2</sup>.

This mountainous massif is better known as Sierra del Escambray and is strongly linked to the recent history of the country for having been the main scene of the fight against the Cuban Revolution until the mid-1960s.

During your motorcycle tour in Cuba, you will be able to coexist with the authentic culture of the country, its music, its local gastronomy and its landscapes, sugar and coffee plantations but also pineapple, guava, anon, mamey and papaya decorate a landscape bathed by the bright light from the Caribbean.

As Cubans say, "Shrimp that falls asleep is carried away by the current", so don't stay washed up on the beach, get to know this magnificent Caribbean country on your ride. Do not miss out!!!
